Professional Summary

Enthusiastic and detail-oriented Computer Science student specializing in Artificial Intelligence and Machine Learning. Skilled in Python, data analysis, and model development. Passionate about solving real-world problems with scalable, data-driven solutions and contributing to team-based software projects.

Education

Vignan's Foundation for Science, Technology & Research, Guntur *Aug 2022 – Jun 2026*
Bachelor of Technology in Artificial Intelligence and Machine Learning **CGPA: 7.44**

Academic Projects

Automated Tool Condition Monitoring *Python, Scikit-learn, SVM, Random Forest*

- Developed a predictive maintenance system using vibration and acoustic sensor data from CNC machines.
- Implemented and optimized SVM and Random Forest models for precise tool wear classification.
- Enhanced data reliability through feature engineering and noise reduction, reducing unplanned downtime.

Blood Donation Management Website *HTML, CSS, JavaScript, PHP, MySQL*

- Built a responsive web platform to manage donor-recipient records and automate blood request processes.
- Integrated secure authentication, form validation, and real-time donor matching for efficient accessibility.
- Streamlined hospital workflows, improving coordination and user experience for patients and donors.

Internship Experience

Deloitte Data Analytics Virtual Internship (via Forage) *Jul 2025*

- Completed practical modules simulating real Deloitte consulting tasks in data analysis and forensic technology.
- Applied analytical thinking to interpret datasets and create actionable business insights.
- Strengthened data visualization and storytelling skills using Tableau and Excel.

Technical Skills

Languages: Python, SQL
Machine Learning: Scikit-learn, Pandas, NumPy, Matplotlib, Supervised & Unsupervised Learning
Deep Learning: TensorFlow, Keras, OpenCV, LLMs
Tools&Platforms: GitHub, Jupyter Notebook, Google Colab, VS Code

Certifications

- **Cisco Networking Academy:** Introduction to Cybersecurity, Python Essentials 1 & 2 (Apr 2025)
- **Cambridge English B2 Certification:** Validated English communication proficiency (Jan 2023)
- **Udemy:** Artificial Intelligence and Machine Learning – Complete Guide (Dec 2023)

Leadership & Activities

- Served as **General Secretary and Core Member** for the departmental fest, leading event planning and execution (Apr 2025).
- Participated in a **Poster Presentation** on Engineers' Day, showcasing innovation and communication skills (Sep 2024).

Strengths

Motivated and adaptable individual with strong communication, teamwork, and problem-solving abilities. Passionate about learning emerging technologies and delivering results in collaborative environments.
